Dhruv Moses Vats

+91-9555985754 | dhruvmoses15@gmail.com | github.com/DhruvMoses | linkedin.com/in/dhruvmoses/

SKILLS

Languages: Java, Javascript, Python, C++
Frameworks / Technologies: ReactJS, MongoDB, TailwindCSS, SCSS
Skills: Data Structures and Algorithms
Tools: Ms Office, JIRA Software, Git and GitHub, Terminal, Ticketing software

EDUCATION

Montfort School	*Delhi, India*
Bachelor of Computer Applications from Guru Nanak Dev University	2022- 2025
Masters in Computer Applications from Amity University	2025 – 2027

EXPERIENCE

HCL Technologies   *Noida, India*

Western Union Project, Software Engineer   2020-2021

- Championed thorough debugging processes in UAT settings, which led to a comprehensive reduction of post-launch defects by 30%, ensuring seamless functionality was achieved before final production deployments were completed.
- Integrated RESTful APIs and optimized API response handling, enhancing application efficiency.
- Contributed to migrating ReactJS applications from class-based components to function-based components, improving code efficiency and maintainability.
- Developed optimized components using ReactJS and Redux, significantly improving response times and enabling seamless end-user communication.
- Also worked with the support team and provided application support and debugging using various ticketing tools and JIRA software for reporting issues to the senior developers teams which lead to the increase in the transaction by 10% and reduced the catching of bugs by 40%.

MAJOR PROJECTS

Online Code Editor (ReactJS Project) https://online-code-editor-woad.vercel.app/

- Designed and developed an Online Coding platform named CodeCanvas using ReactJS
- User can code in multiple languages like Java, C++, Python, JavaScript
- User can also import, export the code, and save it as well

Ai Image Enhancer App (ReactJS Project) https://ai-image-enhancer-five.vercel.app/

- Built an Ai Image Enhancer App that clears out the blurred/distorted images for you
- User can upload any png, jpg/jpeg or any other format images
- Also gave a feature to download the image

Personal Portfolio (ReactJS Project) https://personal-portfolio-gold-one-39.vercel.app/

- Created a Personal Portfolio website for myself to showcase my skills
- I used various different concept of react to achieve animations and for polishing my skills.
